In the DareDoll dressing room, Kiki does aerobics. She stretches and flexes to sexy perfection. Then she rises to put on the rest of her costume.

Kiki walks the maze and is soon captured by a Peeper with a garrote wire.

PEEPER

Surprise, baby! How about a little garrote wire?

She manages to slip her hands inside of it (a spy thriller cliché!), but the Peeper then simply pulls taut the wire around her hands, effectively tying it to her neck. He then grabs her firmly by the buns and hoists her aloft. Where is he taking her?

After tying her to the wall, the Peeper exits. Kiki is next nibbled by the carnivorous Puss doll. Her tights and leotard are shredded (Kiki's--not the Puss doll's!). We cut to the doll recumbent on the floor, burping--obviously digesting parts of Kiki's costume. Kiki seizes the moment to untie herself.

KIKI

Now's my chance to get out of this mess, before I'm fully undressed...or worse! That doll has teeth like a barracuda!

Kiki soon pulls a green pill from her belt (one of the last remaining pieces of her costume). She drops this pill into a glass of water by a conveniently located water cooler.... A cloud of colored smoke erupts from the glass.

KIKI

Next stop: rocket science! One Instant-Costume Cocktail, coming up!

We cut to Kiki putting on her new costume: She is now Diana, in hunter green! She is soon recaptured with a confetti popper, however, and hog-tied. She is conveyed to the final deathtrap by the chuckling villain.

Kiki is tied before the drill. It's going to bore a new hole...right there! Can she break free?
