DareDoll Cherry enters the Factory via some duct-work. She walks the maze, but is captured when she falls through a trapdoor into the arms of a chloroform-equipped Peeper.

Tied to a rack, she is then buffed thoroughly....

CHERRY

I hope you know I'm going to enjoy this massage thoroughly.

PEEPER

We never said it didn't feel good. Only that it would crush the anti-capture particles in your DareDoll suit!

CHERRY

It will crush my hopes, you mean.

PEEPER

That's the way the cookie crumbles. Now, to crumble your cookies!

She swoons as the buffer does its worst. Succumbing, she is conveyed to the VertigoRound, where she is tied and blindfolded, and then given a spin.

CHERRY

Why the blindfold?

PEEPER

It enhances the overall body feel.

CHERRY

I don't understand!

PEEPER

You'll know what I mean when your body feels like it's leaving your mind behind. It's a real kick!

Cherry spins helplessly and is then untied by the Peeper, who accepts her dizzy body into his greedy arms.

We finally find her shrink-wrapped down in the basement. An empty aluminum clamshell sits before her, as though on an altar. The Peeper tosses a smoke bomb into the clamshell and then shuts the lid. He exits. Finally, the Vore Worm emerges from the clamshell in a fog and gorges itself on Cherry's helpless body, which slides down the Worm's gullet like fresh sushi. Delicious sushi! Can she escape or will she be its next meal?
