DareDoll Kitt prepares for her first day as a DareDoll: In the dressing room, she slips into her boots and gloves. She tapes a pack of chewing gum to her ankle before zipping up a boot, much as one might hide a weapon.

Kitt enters via the air duct, and walks the maze.

Kitt is overtaken by a Peeper, who chloroforms her to sleep. He lifts her feet from the floor as he does this. Her legs kick a bit, then come to a rest along with the rest of her. He places her down and replaces her belt with one of his own: This one sports his face!

Unaware of the switch, Kitt wakes and calls CrimeBase.

KITT  
CrimeBase, it's me: DareDoll Kitt.

CRIMEBASE  
You sound groggy, Kitt.

KITT  
I was chloroformed!

CRIMEBASE  
Were you taken advantage of?

KITT  
I don't think so. I'm pretty groggy from the chloroform, but I'm otherwise ready for battle!

CRIMEBASE  
Okay, then. Go get 'em, DareDoll Kitt! And be protective of that new uniform. This is your first day on the job, and the Peeper Brothers have a habit of breaking in your costume before you do, if you know what I mean, or maybe you don't.

KITT  
I read you. Out!

Kitt rises to resume her search. She is confronted by the Peeper, who looms before her like a big lug. She pulls out a pair of manacles from her new utility belt, and advances upon him. He just smiles and taps a device. She is instantly coiled in stretch ties.

PEEPER  
How foolish!

KITT

I don't understand...what happened?!

PEEPER

I replaced your belt with one of my own.

He lifts and carries her away as she struggles.

We next find her tied and vulnerable. He removes her boots and finds the gum.

PEEPER

Hey. Gum. Is this your gum?

KITT

Uh, yeah. I mean, whose else would it be, you moron?

PEEPER

Mind if I have a stick?

KITT

Not if you share.

He pops a stick into his mouth and does the same to her. Then he tickles her with a giant motorized feather until she passes out from pleasure.

We cut to the Buzzsaw. Kitt is still blindfolded. She still chews her gum, nervously. Can she use it to stop this monstrous machine?
