NARRATOR

DareDolls Lotus and Cherry are right where we left them at the end of their last exciting episode: in the clutches of a pink gorilla and an even fuzzier white carpet. Stay tuned for even more fluff!

Lotus watches in horror as the gorilla slowly raises the door of the cage. She backs away but has no way to escape. It eventually lumbers in and wrestles/bear-hugs her, and she passes out in its insistently cuddly grip. It carries her to a corner of the Factory (its nest?) and ties her, then leaves. But as we saw in our last exciting episode, she knows just how to untie herself...!

Cut back to Cherry: She faces a set of grinding gears!

PEEPER

Say hello to the Denuder, DareDoll Cherry.

PEEPER TWO

The Denuder? What's it do?

PEEPER

What's it do? Dude, it's a **denuder**.
(long pause)
It *denudes* her.

PEEPER TWO

It's gonna de-nude her?

PEEPER

Yes!

PEEPER TWO

So it's gonna put her clothes back on?

PEEPER

Dude, pick up a dictionary for once in your life, would ya.
(to Cherry)
Now let's just shred those tights like wheat, Cherry....

The Peepers exit, after flicking a switch in the fuse box. The Denuder presses into her lap, it's relentless gears grinding into her body. Cherry can only gasp in disbelief!

But Lotus, now free in the wings, prepares to attack....

Fresh trap: An apparently unharmed Cherry wakes tied to the (vertical) VertigoRound, but only after much shouting by a Peeper. Horrors! A mechanical spider is slowly lowering down to her throat.

PEEPER

I'm sure you're familiar by now with the old poison spider gag. Just above you I've prepared a little...death...with poisonous fangs and hairy legs. You know the rest.

Just then Lotus appears.

LOTUS

Surprise, Peeper! Let's see how tough you are with somebody who isn't tied down!

She wrestles the Peeper. Cherry manages to work one leg loose and use that to help, kicking the Peeper in the butt. But the Peeper eventually "plays possum" and then sneaks up on Lotus with a chloroform cloth. He ties her once again as Cherry looks on helplessly.

We next and finally find Lotus and Cherry tied by their wrists, hanging over a pit of fire. They are slowly being lowered into this fiery inferno! The Peeper hops into frame for one last taunt.

PEEPER

Ha ha! The surprise is on you now, babies! Soon we will be prepared to serve rare, medium or well-done DareDoll, depending upon the preference. Delicious juices! You'll cook nicely, I believe. See ya!

He exits.

CHERRY

Lotus, I don't think I can take much more of this! The fire's nibbling at my toes, and not in a romantic way.

LOTUS

This looks pretty grim, Cherry. Our suits will soon melt, and so will we!

CHERRY

I've got an idea, Lotus: Maybe we can straddle this hole and stop our descent.

LOTUS

Oh, Cherry. What good would that do? We'd still roast like the world's first human marshmallows! They're really going to cook our goose this time.

Suddenly, they begin to drop!

CHERRY

Lotus, we're sinking!

LOTUS

I know. Farewell, old chum. Farewell!
