DareDoll Dusk warms up for her first adventure, in the dressing room. She stretches her long legs, her fishnet-covered toes poking the camera right in the eye with each sexy kick. Dusk rises and tries on a variety of boots and belts, unable to decide on the purple or the black boots; she finally settles on a shiny pair of black thigh-high boots. She calls CrimeBase before exiting:

DUSK

CrimeBase, it's me: DareDoll Dusk.

CRIMEBASE

Oh, hi, Dusk! Did you pick out your DareDoll uniform yet?

DUSK

I certainly did! I went with black belt and black boots.

CRIMEBASE

Ah, nice. Black belt. Like a pirate belt?

DUSK

Yeah, like a pirate belt.

CRIMEBASE

Yeah.

DUSK

I think it'll go really well with my black boots.

CRIMEBASE

Uh huh.

DUSK

Yeah, they're really nice.

CRIMEBASE

Well, if it's the belt I'm thinking of, it has an anti-capture device in it. I think you'll like it!

Dusk walks the maze. A Peeper appears and karate chops her lightly on the back of the neck (a la Get Smart). She falls to the floor in slow motion, spiraling. The Peeper ties her body to a luggage cart, her legs spread-eagle. He transports her via this cart, her body laid out like just so much luggage....

The Peeper thoroughly buffs her costume to eliminate all anti-capture particles, but not before first gagging her.

Her hips strain against the ropes holding them fast, but the Peeper grabs her firmly and restrains them.

PEEPER

Wake up. Welcome to the old, abandoned Magic Factory, DareDoll! I'm Chad and I'll be your Peeper for the next...oh, seven minutes or so. We'll see how long this body of yours holds out. The buffer is one of our favorite tortures, you see. We like to be thorough...make sure you don't have any anti-capture particles in that costume of yours!

Dusk passes out from sheer pleasure...or is it pain?

PEEPER

Ah, another one bites the dust!

The Peeper then speaks into his own wristcomp:

PEEPER

Hey, Norman! You there? It's me, Chad! I've got DareDoll Dusk right here, unconscious. I can do anything I want with her! Any suggestions?

NORMAN

You stupid bastard! How many times have I told you, "Never call me here!" What do you mean "suggestions"? What would you normally do? Do it!

The Peeper ties Dusk to the Giant Mousetrap.

DUSK

(awaking to her predicament)  
Huh? Oh, you fiend!

PEEPER

Ha, ha!  
(whispering in her ear)  
Flattery will get you everywhere!

He taunts her with a candle, seeming as though he is about to drip hot wax on her body....

PEEPER

And now for the final touch. It's the little details like this that make it all worthwhile, don't you think? I could pour this all over your body very slowly, DareDoll. But I think I'll use it in a more conventional way. What do ya think?

He places the candle right beneath the rope holding back the Mousetrap's fearsome teeth. Dusk senses her last chance to talk him out of this diabolical deathtrap!

DUSK

Ugh! Aren't you even going to examine my belt?

PEEPER

(fingering it)

Well, it is a nice belt, and I am a self-admitted fan of belts and DareDoll accessories. As belts go, that is a nice one!

His fingers settle upon the clasp holding her belt tight.

PEEPER

Say, what is this? It almost looks as though you have some kind of device hidden....

DUSK

(with a smug smile)

Surprise!

Gas jets shoot from the belt, and the Peeper slumps over Dusk's crotch, unconscious. Dusk struggles beneath his body to pry herself loose from her bonds.

DUSK

Now to lose 150 unwanted pounds!

Free of the trap, she sits and calls CrimeBase, her booted legs comfortably resting upon his carcass, like a hunter's on a felled bear.

DUSK

Norman, it's me: DareDoll Dusk.

NORMAN

Uh, well, it's good to hear from you. You're not dead!

DUSK

Don't sound so surprised. I took care of Chad Peeper, escaped from a Giant Mousetrap and need further instruction. What should I do?

NORMAN

Try not to have a relapse as the Crystal Seductress!

DUSK

Over and out.

(to camera)

Oh, yeah. I almost forgot about that.

She exits. Will the Crystal Seductress come out to prey in our very next exciting episode?!
