DareDoll Cherry does aerobics.

CHERRY (VOICE-OVER)

When you're a DareDoll, some days are better than others, but all of them can benefit from a little light stretching. Join me, won't you?! Be sure to keep your buns tucked and your hips curved convexly. Extend that muscle! Keep it long and hard! And be sure to consult your doctor before you begin any exercise program. Phew! That was stimulating. Now to primp a little bit before I go take on the Peeper Brothers. Mirror, mirror....

Turning to admire herself in the mirror, she finds a diabolical-looking DareDoll Dynamo looking back at her. Dynamo purses her lips and blows knock-out gas into Cherry's face. Cherry falls backwards and is soon unconscious. Two Peepers enter and tie her glove-and-boot, then carry her away.

Cherry wakes up bootless, her tights-clad feet secured in stocks. One of the Peepers tickles her to the point of passing out with a feathered boa. But as he walks away, triumphant in his villainy, we see that Cherry was merely pretending to be unconscious. She chews her way through her bonds and puts her boots back on, then follows the Peeper in close pursuit.

However, a pink gorilla leaps from the wings to encase her in an overly friendly bear hug. Cherry fights him as best she can, but despite turning around to face him in his brutish grip, she once again passes out--this time "for real"!

A newly gagged Cherry is conveyed in the back of a van.

We finally discover her strapped to a wooden pallet, with two large spiders slowly sucking away at her vital juices. Is she to become a human juice box?! That new costume can\*t save her now!

CHERRY (V.O.)

Can this be true? Am I really being slowly sucked dry by a couple of giant spiders? Am I to become the world's first human juice box? Not even my pretty new costume can save me now! Stay tuned!
