DareDoll Minx breaks in, as usual.

MINX
CrimeBase, this is DareDoll Minx.
Any advice before I search the old,
abandoned magic factory?

CRIMEBASE
What do you mean...you broke in
already?

MINX
Yes.

CRIMEBASE
Well, we don't have a search
warrant, but good luck anyway.
You're on your own.

MINX
Thanks, CrimeBase. I can always
count on you. Over and out.

She walks the maze, but is overtaken from behind and chloroformed. Her body draped backward over a porthole in the ramp, a Peeper places her in a bag and drags her off.

She is tied her to a buzzsaw!

VILLAIN
Wake up, Minx. You're about to find
your loyalties divided, among other
things.

MINX
What do you mean?

VILLAIN
I mean that if you cough up the
DareDoll activation code, we might
be tempted to release you. We *might*.

MINX
I'll take my chances that the belt
inside this nefarious body slicer
has to be worn out about now.

VILLAIN
We'll just see about that!

He slowly feeds her into the blade, but it eventually peters out. He gases her.

She is buffed from top to bottom with a merciless electric body polisher!

She awakes alone and begins to search the hideout once again.

MINX

CrimeBase, I think that I've been body-buffed from top to bottom, but I can't be sure!

CRIMEBASE

Do you feel like you've been given an all-over body massage with a belt sander on soft-buff?

MINX

Exactly!

CRIMEBASE

Hmmm. The crystal anti-detection fibers in your unitard may have been crushed. Proceed with caution!

MINX

Don't I always?

CRIMEBASE

But be a little more careful this time, Minx. You can start by investigating the mysterious voltage hum coming from the passageways just ahead of you. Those walls are alive!

MINX

What do you want me to do?

CRIMEBASE

See if you can locate the source of that power. But like I said, be careful! This could be a trap!

She does as directed, but a cell door slides shut behind her, trapping her between two ominous walls.

The Peeper peers in.

VILLAIN

The walls of this giant vise can
crush a Chevy in seconds flat. It
will waste little time turning you
into DareDoll jelly.

MINX

But that will leave me flat as a board!

He exits. The walls close in. Can she escape?
